

Regional Referees,

This is the first email in a series of emails over the next week.

I am in the process of adding you to the On-line Re-Certification clinics for USA Volleyball. To be enrolled in the clinic you must be a current (paid) member. To keep your Regional Certification, you must complete these courses and tests every year. Please let me know when you have updated your membership status so I can enroll you in the courses. Please let me know by Friday if you don't receive your invitation to the clinics.

In the course of your Certification term you must also be observed twice as a R1 and twice as a R2.

Any new certifications will have a 4-year term as long as you meet the requirements.

If you are in need of a Regional Referee Patch, please let me know.

Remember, all officials must be SafeSport Certified. If you have not taken your SafeSport certification please follow this link for instructions: <http://iavbreg.org.previewyoursite.com//safesport.html>. You only have to take the course once, there is no renewal.

The next email will address our Region and National Level Clinics.

Thanks for everything you do!

Brett Myres
Tournament Director / Officials Chair
Iowa Region – USA Volleyball
